

## RE-SUITED SCARF

making one of your scarves just a little more suited for the cold.

a *>SELF\_PASSAGE<* method

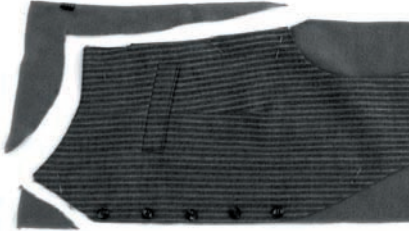

© copyleft by *>wronsov<* June 2005

1. get an old good looking vest.

2. unstash along sides and top, taking off front parts.

3. put on top of a wide scarf, cut off surplus fabric.

4. make a wide zig-zag seam along sides.

5. repeat with other end and other front part.

6. cut open the scarf under the button holes.

7. and make a zig-zag seam around the holes holding together the two layers.

8. be dressed to suit the cold.
